SUMMARY

Computer Science graduate with a versatile background spanning Backend Development, applied AI research, and digital content & communications. Currently driving brand communications, PR, and content strategy at Markapture Limited, alongside hands-on experience building scalable web platforms and low-level systems. Skilled at bridging technical execution with clear, audience-focused communication, and eager to bring this cross-functional strength to CRM and RevOps-driven roles.

EDUCATION

BRAC University — Dhaka, Bangladesh
Bachelor of Science in Computer Science — *2022 – 2026*

Ispahani Public School & College — Cumilla, Bangladesh
Higher Secondary Certificate (HSC) - Science, GPA: 5.00/5.00 — *2018 – 2020*

Ispahani Public School & College — Cumilla, Bangladesh
Secondary School Certificate (SSC) - Science, GPA: 5.00/5.00 — *2016 – 2018*

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, Assembly Language

Backend & Databases: Node.js, Express.js, MongoDB, MySQL, RESTful APIs

Graphics & Game Dev: OpenGL, 3D Graphics Programming, Physics Simulation

Tools & Platforms: LaTeX, GitHub, VS Code, Google Colab, Kaggle Notebook, Postman, Vercel, MacOS/Windows

Marketing & RevOps: Content Strategy, Brand Communications, PR, CRM-driven Campaigns

Core Competencies: Backend Development, AI/ML, Event Management, Team Leadership

RESEARCH PUBLICATION

MIM-HeMIS: Self-Supervised Masked Image Modeling with Heterogeneous Modality Fusion for Brain Tumor Segmentation under Missing MRI Modalities — **2026**
Undergraduate Thesis, Department of CSE, BRAC University – Supervisor: Md. Sabbir Ahmed, Senior Lecturer

- Authors: **Md. Jahidul Hasan**, Raduan Ahmed Opy, Md Alif Khan Shafi, Ahnaf Ashraf Jameel, Md. Jobayer Alvi
- Thesis approved by BRAC University and submitted to the Ayesha Abed Library (2026); currently under preparation for submission to an IEEE journal

PROFESSIONAL EXPERIENCE

Digital Content & Communications Executive — 2026 – Present
Markapture Limited — *Waltham, UK*

- Create and manage social media, blog, and digital content to support brand visibility and audience engagement
- Handle brand communications and PR, maintaining consistent messaging across digital platforms
- Authored a full-length eBook for SkillBridge Consultants, another site owned by the company's CEO

Projects

F1 Pitwall Analytics | *Next.js, React, Node.js, MongoDB* | GitHub | Live 2026

- A full-stack Formula 1 analytics platform featuring live dashboards, race telemetry, and real-time polling
- A personalized watchlist and responsive UI elements using Next.js to deliver a seamless user experience

TripBloom | *JavaScript, Web APIs, Routing* | GitHub 2025

- Built travel planning app with dynamic UI, intelligent route optimization, and real-time geolocation APIs
- Designed responsive interface with modern JavaScript frameworks for seamless user experience

Singularity-Wars | *Python, OpenGL, 3D Graphics* | GitHub 2025

- Developed 3D space combat game with real-time rendering, advanced lighting, textures, and physics simulation
- Released packaged game with optimized performance and cross-platform compatibility

ATM Simulator | *Assembly Language, Microprocessor Programming* 2026

- Programmed low-level ATM with transaction handling, optimized for efficient memory and processor cycles

Leadership Experience

Assistant Director December 2024 – February 2026
BRAC University Computer Club (BUCC) *Dhaka, Bangladesh*

- Led operations across 7 departments serving 1400+ members; managed budgets, sponsors, and vendor relations
- Organized TechConnect Career Fair connecting students with 40+ tech companies including industry leaders

Assistant Director January 2024 – January 2026
BRAC University Leadership Development Forum (BULDF) *Dhaka, Bangladesh*

- Orchestrated 10+ large-scale events including Freshers Orientation for 1000+ attendees annually
- Led Mental Health Awareness initiatives; partnered with external organizations like It's Humanity Foundation

Academic Achievements

General Scholarship – Higher Secondary Certificate (HSC) 2020

- Awarded government scholarship for outstanding academic performance.

Talent Pool Scholarship – Primary School Certificate (PSC) 2012

- Recognized among top-performing students nationwide for exceptional academic merit
